

In the Ardmore, Oklahoma area, we receive K-Love radio on 89.1 through an FM Translator. If K-Love were forced off the air by low power FM, this would be a big loss to this area. There are very few radio stations that have positive, encouraging , quality programming in our area, and we really need to be able to keep our translator station. Many people also give financial support to K-Love, and we feel this would be a HUGE loss to the community to lose the K-Love station.
